# Water-Filtration

*fresh and clear by elfo*

Custom-made filter-cartridges for:

- coffee and tea-machines
- water pitchers
- water kettles
- various home appliances

elfo water filtration systems reduce a majority of harmful hardeners, heavy metals, chlorine and organic pollutants.

elfo water filters are engineered to your individual requirements:

- ✔ Product engineering, tooling, production
- ✔ Filter granule mixture to your needs
- ✔ Food approved production facilities
- ✔ Complete range of filling and seaming equipment
- ✔ Global market presence
- ✔ Cost competitive worldwide
- ✔ Broad experience in filtration applications
- ✔ Highest quality standards
- ✔ Internal and external inspection procedure
